2021 wrap up

Do you know what helps you make your point clear?

Lists like this one:

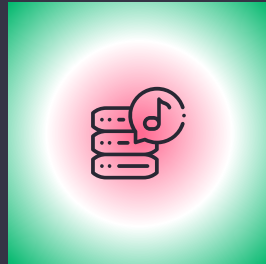

- They're simple
- You can organize your ideas clearly
- You'll never forget to buy milk!

And the most important thing: the audience won't miss the point of your presentation

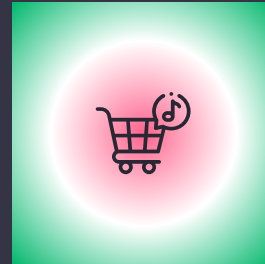

Your top listened artists of 2021

Mercury

You listened 4h35min

Mercury is the closest planet to the Sun and the smallest one in the Solar System—it's only a bit larger than the Moon

Venus

You listened 3h15min

Venus has a beautiful name and is the second planet from the Sun. It's hot and has a poisonous atmosphere

Top 3 songs of the weekend

Mercury

It's the closest planet to the Sun and the smallest in the Solar System

3:15

Venus

Venus has a beautiful name and is the second planet from the Sun

3:20

Mars

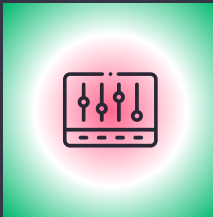

Despite being red, Mars is actually a cold place. It's full of iron oxide dust

3:10

Top podcasts of the year

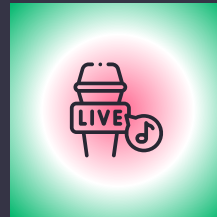

Venus

1h4min

Venus is the second planet from the Sun

Jupiter

45min

It's the biggest planet in the Solar System

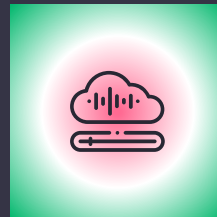

Mars

30min

Despite being red, Mars is a cold place

Saturn

1h15min

Saturn is a gas giant and has several rings

A man with curly hair and a mustache is wearing large white headphones and a pink short-sleeved shirt with a vibrant floral pattern in purple, yellow, and green. He has his eyes closed and a wide smile, with his arms raised in a joyful dance pose. The background is a solid, deep purple color.
